It is quite plain, therefore, that ceived over 30,000 letters." if profits of trades fall off and business diminishes, there will eventually be suffering and A shrewd but not over honest stock raiser any articles in his line of goods, as he sells for privation, unless we resort to the strictest in Canada is in the habit of exhibitin around economy and frugality. This change of hab- at agricultural fairs, a bull on which he has Also, he has made arrangements with some of its will be unavoidable; we shall delay as long as possible, but necessity will compel out in various places to conceal defects, with Also with some of the first publishing Louses to retrenchment, and the sooner we look for numerous other deceptive contrivances which Also with some of the first publishing Louses to

We have no doubt such a change will in the end prove beneficial. The wastefullness, extravagance and excess of the American people, in eating, drinking and dressing, has cently, directed it as follows: not a parallel in the history of the world; and all this has been against health, happiness and morals. When, as a nation, we tread in the footsteps of the old nations, we shall have to follow them as families and individuals. If we go, therefore, among the rural and laboring classes of Switzerland, France, Germany, Sweden and Russia, we may take lessons in our future modes of life. In health and vigor they are among the first peoples of of the earth, yet their expenditures are noth- sideways on matrimony, says: "The curse ed, equal to any optician, and at one fourth less ing in comparison to ours. Indeed, the waste of this war is that it will make so many wid of a common American town of ten thousand ows, who will be fierce to get married, and ture who know how to do it, modest girls will people would almost or quite support as stand no chance at all." large a population in the rural districts of Europe. Never shall we come to their level, for our country is new and differently situated, but the next generations of Americans The books of S. NEWELL are in the office of goods. Those wisning to purchase will find it can not hope to live as we have, and there we previous to 1861 can be liquidated. could take lessons in economy that would be St. Johnsbury, Jan. 10, 1863. we shall be forced to some means-that a ECONOMY IS WEALTH a family can be subsisted upon a very small CURE YOUR COUGH FOR 13 CENTS. portion of what Americans are accustomed The best and cheapest household remedy in to expend; nay, that they can be fed on Germantown Telegraph.

Fred Douglas.

The only colored man who may be said to by a judicious use of a remarkable talent,

has recently said some very good things in have conquered the prejudice against color has recently said some very good things in lise of New York, in reference to the emancipation proclamation. It would be difficult to find a more pertinent reply to those who object to

that it is only an ink and paper proclama- at another. tion. I admit it. The objector might go a step farther, and assert that there was a time step farther, and assert that there was a time step farther. step farther, and assert that there was a time when this proclamation was only a thought, ton. General Agents for New England.

HALL & RUCKEL, Proprietors, New York, G. C. GOODWIN & CO., No. 11 Marshall street, Boston, General Agents for New England. a sentiment, an idea—a hope of some radical abolitionist-for such it was. But what of i.? The world has never advanced a single inch in the right direction, when the movement could not be traced to some such small beginning. The bill abolishing slavery, and giving freedom to eight hundred thousand people in the West Indies, was a paper bill. The reform bill, that broke up the rotten borough system in England, was a paper bill. The act of catholic emancipation was a paper act, and so was the bill repealing the corn laws. Greater than all, our own declaration of independence was at one time put in ink and paper. The freedom of the American colonies date from no particular this part of the state for 20 years as a Marble Table Casters and other articles essential in bottle delicer the near No man can tall more. battle duling the war. No man can tell upon Grave Stones and Ornamental Work of every what particular day we won our national inde- style of pattern, to suit everybody; and in view Prints suitable for comfortables, in short, almost pendence. But the birth of our freedom is of the fact that he does the most expensive part any article they may want by calling at my store. fixed on the day of the going forth of the of the work himself, he can sell at prices that no declaration of independence. In like manner aftercoming generations will celebrate the first of January as the day which brought liberty and manhood to the American slaves. | man would think of getting a fine proportioned. How shall this be done? I answer: That and well finished monument, designed and exepaper proclamation must now be made iron, lead and fire, by the prompt employment of good job go to a good mechanic, tell him what the negroe's arm in this contest.

A Terribly Mean Man.

time. There was deacon Overreach; now. purchaser. he was so mean he always carried a hen in his gig box when he travelled, to pick up the oats his horse wasted in the manger and lay an egg for his breakfast in the morning. And there was Hugo Himmelman, who made his CARRIAGE MANUFACTORY, joins covered. wife dig potatoes to pay for his marriage license. We must tell that story of Hugo, for it's not a bad one, and good stories, like potatoes, are not so plenty now as they used to be when we were a boy. Well, he was going to get married to Gretchen Golp, and goes down to parson Rogers, at Digby, to get a license.

"Parson," says he " what's the price of a license?"

" Six dollars, says he. "Six dollars!" says Hugo; "that's a dreadful sight of money. Couldn't you take no less?" "No," says he; "that's what they cost me
